

Speaking of Sports

Well, Well! Our old friend Larry Mangan made his initial appearance at the Dusty league last night. Larry came rooting for the Russell and Erwin game.

Friend Larry used to be a regular visitor at the Dusty league games but until last night had been conspicuous by his absence. The boys gave Larry a warm welcome last night and it is hoped that he will add his genial presence to the assembly regularly from now on.

With National Guard games on Saturday night to look over and the Dusty circuit on Tuesday, Larry will have a busy time.

A glance into the gallery last night convinced some that all the spectators were not as interested in the games as they were in themselves. There was one group of two girls and many boys at one end of the hall that resembled the well known huddle system.

Young Arrbur of the Corbin team measures up very well as guard and also can shoot. Playing with the Shashy Paris, this team had two guards of which any team may well be afraid.

Holst is easily the Corbin's star offense man. Last night he came through with six from the field.

The fans certainly were well pleased when the hard working Jimmy Murphy got a basket. This was his first field goal of the season.

The Lyrics defeated the Hartford Kacoy in the Hartford city league last night 32-19. Restelli playing first forward got two baskets. Sheehan played right guard.

The Middletown team, which to date has lost but one game this season, comes to the armory a week from Saturday night.

Sattler won the weekly roll-off at the Casino alleys last night and walked home with \$6 in his pocket. The following entered: Robinson, Murphy, Stedman, Ward, Paul, McCarthy, E. Murphy, Zwick, Thorsteinson, Sattler, Avery, Rynd, Spring, Ferguson, Montgomery, Hayes, Smith, Brennecke, Crowley and Mount.

Well maybe Benny Leonard really meant it. He's been retired a whole week now.

It is predicted the victory of Big Munn will make wrestling popular again. There certainly ought to be a law against that.

The St. Louis Browns had the widest pitchers in baseball last year. The pitchers were probably wild to get away from the town.

An Ohio man bowled 23 hours on a stretch the other day. And now we suppose he is on a stretcher.

A United States senator is accused of bootlegging. We feared the profession would get common sooner or later.

Reports say Babe Ruth is lighter than he has been in three years. Maybe those Havana book makers have been at him again.

It has been definitely decided the 1927. Now if France will only make a decision on the war debt the country can settle down and enjoy complete calm of mind.

A writer sets forth that night golf was only a passing fancy. Obviously he is referring to African golf.

If he has done nothing else, Mr. Nurm has given our American runners a fine opportunity to study the back view of a Finnish athlete in action.

Billy Evans points out Muddy Ruel will have to handle all kinds of deliveries next summer. This is the first inkling we had that Ruel plans to be a shipping clerk.

Walter Johnson claims the coast magazine gave him the run around. Still, that's one way to get into condition.

Tiger Mowers will now engage in an interesting scientific experiment of changing a meow back to a roar.

Nurm's visit to the United States has caused a tremendous revival in track interest but one of the leading authorities claims that his coming will react against the game in this country in that the records will be broken to such an extent that breaking one will be beyond the power of American endurance and consequently cause a lapse in interest. He further argues that interest in track is maintained by the possibility of seeing some youth shatter a record.

When Harold Osborn, Illinois A. C. runner, sealed that dizzy height of 6 feet 6 1/4 inches in an exhibition jump at Madison Square Garden last night, he just tickled the cross bar enough to cause a slight vibration which threatened to send the stick from its lofty perch and ruin a world's indoor high jumping record. When it stopped quivering and settled back to normalcy again, Osborn gave one leap of joy and shook hands all around with everyone within gripping distance.

John J. McGraw will take 13 rookies to the Saratoga camp of the Giants for spring training, he announced yesterday. Included in this number will be Pitcher John Mauer, purchased from the Portsmouth club of the Virginia league; Kent Greenfield, recalled from the New Haven Eastern league club; George McGaney, New Haven southpaw; James Tunney from Holy Cross; John Wiener, bought from the Rochester Internationals; Walter

McGraw former right hander of the Washington Senators, purchased from Memphis, and Outfielder Frank Fraser from Winchester, Mount, N. C. club and A. Crump, Portsmouth, Va., southpaw.

The Herald Bowling team continues to maintain a clean slate in the Bowling league. As yet they have not a blemish in their "garnet won" column and their losses are still 1000 per cent perfect.

Three more last night.

Boy Scout fires are scheduled to swing into action again this evening. When Troop 4 of the Center church and Troop 29 of the Lincoln school face each other at the Boys club.

The return of Ray Anderson to active participation in Boys club basketball Monday night was almost as sensational as Bill Squire's second debut on the same evening.

Ray retired from the game to become physical director of the Boys club, but he has now broken his shell and will be seen in action for the rest of the season.

In spite of his long lay-off, he has kept in fine trim and was the fastest man on the floor Monday night, being really too fast for the rest of the speedy club team. His passes were too hot for even Mike Luke to handle, but when the rest of the team has accustomed itself to him it ought to go even better than before.

Tommy Gibbons of St. Paul thinks he has outgrown the light heavyweight class and is at his best as a heavyweight. He says he has great difficulty in making 175 pounds and has discovered his best fighting weight is between 180 and 185. He is willing, however, to train down to meet Mike McGuire, world's light heavyweight champion.

Jimmy Crowley, Notre Dame half-back, has been offered a position as assistant football coach at the University of Georgia, and will make a decision within a few days. It was announced at a dinner attended by Crowley and Coach Knute Rockne in Chicago last night.

Wheaton, Ill., home of Harold "Red" Grange, University of Illinois All-American half-back, is raising a generation of "Harolds." Since the town's favorite son broke into prominence several babies have been named after him.

Mrs. Dorothy Campbell Hurd, national women's golf champion, opposed Miss Frances Hadfield of Milwaukee in the semi-finals of the annual January golf tournament for women at Belleair Heights, Florida, today. Mrs. G. F. Stofen of Philadelphia, and Mrs. Alex Smith of New York were in the other bracket.

Frederick W. Rubien, secretary of the Amateur Athletic Union, has cabled Italy seeking a blanket permit to enable Ugo Frigerio, Italy's Olympic champion walker, to compete in more than two meets in this country. Under the present permit Ugo is allowed to walk only in the United States, and the Boston A. A. meets. Frigerio also cabled asking for permission to compete in the Morningside A. C. games in the 1925 Engineers armory Friday night.

Although the name of Eddie Farrell, Pennsylvania's baseball captain, appears on the reserve list of the New York Giants, Manager John McGraw said yesterday that Farrell has not signed a big league contract. Farrell is a dental student at Penn, where his three brothers, all practicing dentists, matriculated in their college days. He does not have to depend upon baseball for a livelihood, but Farrell, according to a major league scout, is one of the cleverest infielders seen in college baseball circles since the days of Eddie Collins. Farrell has promised McGraw that he will carry with the Giants if he elects to follow baseball as a profession.

Hugo Bezdek, Penn State's jovial football tutor, is in favor of receiving "Bo" McMillin, former Center college football star, into the football coaches' association with open arms despite the fact that McMillin engaged in professional football before bucking on the harness of a coach contract to the rules of the association.

"I like McMillin," said Bezdek. "I don't know him very well but I think he's on the level and sincere in his endeavor to keep intercollegiate football clean."

Chester ("Spot") Falk, Austin, Texas high school baseball star and brother of Bibb Falk of the Chicago Americans, has signed a contract with the St. Louis Americans calling for \$3,000 the first year and \$4,000 bonus. Falk is a left hander, 19 years old, six feet one inch tall and weighs 172 pounds. The New York Yankees and Boston Red Sox also bid for his services.

Bobby Cruikshank, rated by some sport experts as one of the ten leading golf professionals of the United States, has been granted six weeks leave of absence by the Twin Hills Country Club at Oklahoma to participate in the British open championship in June. Cruikshank's Oklahoma contract becomes effective April 1.

Bootleg Rum Purchased
With Counterfeit Bills
Philadelphia, Jan. 28.—Government agents declared last night that Philadelphia bootleggers were buying counterfeit \$100 bills from a New York gang for \$50 each and using them to purchase liquor, and that many of the bills had found their way into general circulation. The statement was made after the arrest of a man giving the name of John J. Goodman, who was alleged to have tendered a jeweler 20 of the counterfeit bills in payment for a \$2,765 diamond ring. Goodman, who the police declared has a long criminal record, was held by a federal commissioner in \$5,000 bail for court. He told the authorities that he had received the bogus money in payment for a truck load of whiskey he had brought here from New York. He declined to reveal the name of the person who bought the whiskey. More arrests are expected both here and in New York, the government agents said.

Associate of Edison Dies in 88th Year

Philadelphia, Jan. 28.—Dr. Nathaniel Shepard Keith, one of the country's most noted scientists and an associate of Thomas A. Edison, last night dropped dead of heart disease. He was 87 years old. Working 16 hours a day, Dr. Keith was engaged to the moment of his death in the study of electro-magnetism. He was born in Boston in 1837. He was educated at Harvard and never practiced the profession, however, and in 1860 established himself as a metallurgical engineer in Colorado. He later entered the electrical field and invented numerous appliances. He was a member of many scientific works. At a recent dinner in New York of the American Institute of electrical engineers, which Dr. Keith was a founder, Mr. Edison referred to him as one of the world's greatest metallurgists.

CULLOP GOES TO YANKS TO TRY OUT AS HURLER

24 Year Old St. Louis Heavy Hitter Going On Training Trip With New York.

By The Associated Press.
New York, Jan. 28.—Henry Cullop, the 24 year old St. Louis boy who has been playing first base and the outfield in the Western league because of his great ability with the stick, will be taken to St. Petersburg, Fla., by the Yankees as a pitcher.

When Cullop was with the Omaha Western league club, Manager Huggins, it is understood, gave instructions to play Cullop at first or in the outfield for the sake of determining his fitness for these positions. The wife manager of the Yankees is anxious to uncover a star to jump into Wally Pipp's shoes when the veteran shows signs of a slump.

Cullop has been a great hitter in the minors. For this reason he was taken off the pitching end of the game. When he started out in 1920 he hit .341. He worked as pitcher that season for Madison of the North Dakota league. Since that time he has been flinging for Tulsa, Des Moines and Omaha. While with Madison he pitched 30 complete games in addition to rumping in the outfield for 40 games. Last season Cullop was in 121 games at first base in addition to playing the outfield and pitching occasionally.

The Yankees claimed Cullop in 1923 but left him at Omaha for further development. Last season he batted .322, clouting out 40 home runs, 46 doubles and eight triples. He stands six feet, weighs 196 pounds and bats and throws right-handed.

The match originally was scheduled for Chicago, February 3, but was cancelled when Billy Sandow, manager of Ed (Strangler) Lewis from which Munn won the title here recently, brought an injunction suit to restrain Munn from being billed as champion.
